STAFF CHANGES

Sruthi Rameshkumar, MA, BCBA, LBA

- Clinic Director & Lead BCBA at a.c.e. therapies Adult Learning Center -
Our beloved Adult Center Clinic Director is saying goodbye to a.c.e. therapies this month! Sruthi is heading to Rhode Island this August to begin a Ph.D. program in Applied Behavior Analysis. She will be working toward earning her BCBA-D, a long-time academic goal. We are so proud and excited for this next step in her journey in the field and incredibly grateful for all of her hard work at our Adult Learning Center.

Cheri Taylor

- Clinic Manager at Naperville -

Cheri We're excited to welcome our new Full-Time Clinic Manager in Naperville! With 8 years of experience in pediatric clinics—most recently as Supervisor of Admin Operations—she brings a strong background in administrative leadership to our team. She's passionate about supporting families as they begin services and was especially inspired by Cindy Mrotek's commitment to both pediatric and adult care at a.c.e. therapies.

Multiple New RBTs

We have initiated a new onboarding system, which has helped us successfully train 10 new behavior technicians that will work throughout each of our clinic locations as we continue to grow.

WEBSITE UPDATES

We have been working on refreshing our website to better showcase our programs, team, and resources. You can read detailed staff interviews [here](#).

MONTHLY RECAP

On June 27th, we hosted our first Adult Craft Club night of the summer – a relaxed, inclusive event for individuals ages 14 & up at our Adult Learning Center. Led by a local OT/artist and supported by our behavior team, this paint night was the first in a series of accessible activities for our learners and for others within the community. Look for the invite to our 2nd and 3rd craft club sessions in your inbox!

UPCOMING EVENTS

Adult Craft Club

a.c.e. therapies will be hosting 2 more craft club sessions this summer for our adult learners! Join us July 25th to make collages and August 22nd to make custom potted plants – no experience or supplies needed. Open to ages 14 & up, this inclusive art night is led by a local OT/artist & supported by our behavior team, offering a relaxed space for participants & caregivers to connect. Caregiver is required to attend. This event is \$20 per meeting & requires pre-registration. Register [here](#). We look forward to offering creative events for our younger learners soon too.

Music Therapy

Join us for our first Music Therapy session on Saturday, July 26th at our Naperville clinic! Open to children ages 4–10, this sensory-friendly session is led by a board-certified music therapist and includes instruments. Cost is \$15 per participant and a caregiver must attend. RSVP [here](#) to save your spot!
